

U32 ▶ 40 Lt

UPGRADEABLE

upgradeable minibars

Why invest in a manual minibar when you can afford Bartech's new "U" model for the same price, a precabled minibar that will be ready to become fully automated as and when you require according to your budget? What seemed impossible yesterday is now a reality thanks to Bartech who allows you to afford new technologies without putting a strain on your investment. Choose "U", the only high quality minibar that allows you to step into the future

240 cm² / 38 inch² clear area for airflow

The minibar must be properly ventilated. A channel for air circulation under the minibar, passing up over the cooling unit and exhausting out of the minibar cabinet is mandatory.

A 50 mm free space is recommended between the wall or cabinet back and the cooling unit.

STANDARD U32
